

## *Polyvalent Organics*

### Product List (Comprehensive)

| CAS Registry No. | Name  |              | Hazardous Material Ref. |
|------------------|---|--------------|-------------------------|
| 7463-31-2        | 3'-Acetamidoacetophenone<br>Acetylacetanilide<br>Diacetylaniline)   | (3-<br>(N,3- |                         |
| 2719-21-3        | 4'-Acetamidoacetophenone<br>Acetylacetanilide<br>Diacetylaniline)   | (4-<br>(N,4- |                         |
| 83-15-8          | 4-Acetamidoantipyrine   |              |                         |
| 63512-12-9       | 1-Acetamidoanthracene<br>Anthracenyl)acetamide]                     | N-(1-        |                         |
| 3274-19-9        | 1-Acetamidoanthraquinone<br>Anthraquinon-1-ylacetamide)             | (N-          |                         |
| 587-48-4         | 3-Acetamidobenzoic acid   |              |                         |
| 38985-79-4       | 2-Acetamido-5-bromobenzoic acid                                     |              |                         |
| 22921-67-1       | 5-Acetamido-2-bromobenzoic acid                                     |              |                         |
| 7211-57-6        | 2-Acetamido-D,L-butyric acid  |              |                         |
| 7682-14-6        |   |              |                         |
| 3025-96-5        | 4-Acetamidobutyric acid<br>Acetyl GABA)                             | (N-          |                         |
| 575-36-0         | 1-Acetamidonaphthalene<br>Naphthyl)acetamide]                       | [N-(1-       |                         |
| 24402-72-0       | 1-Acetamido-4-nitronaphthalene<br>Nitronaphthalen-1-yl)acetamide]   | [N-(4-       |                         |
| 3558-18-7        | 2-Acetamido-5-nitrobenzoic acid                                     |              |                         |
| 6339-04-4        | 3-Acetamidophenoxyacetic acid                                       |              |                         |
| 39149-13-8       | 4-Acetamidophenoxyacetic acid                                       |              |                         |
| 50375-15-0       | 2-(4-Acetamidophenoxy)ethanol<br>(2-Hydroxyethoxy)phenyl]acetamide] | [N-[4-       |                         |
| 17321-63-0       | 4-Acetamidophenyl chloroacetate                                     |              |                         |
| 5039-09-8        | 2-Acetamido-4-phenylthiazole  |              |                         |
| 15371-06-9       | 3-Acetamidophthalic acid  |              |                         |
| 6296-53-3        | 3-Acetamidophthalic anhydride                                       |              |                         |
| 21352-21-6       | 2-Acetamidopyrazine   |              |                         |
| 22755-15-3       | 1-Acetamidopyrene<br>Pyrenyl)acetamide)                             | [N-(1-       |                         |
| 5231-96-9        | 2-Acetamidopyridine<br>Pyridyl)acetamie]                            | [(N-(2-      |                         |
